### Important

Key information about how different materials behave, and how they should be cared for can be found at <https://sancal.com/care>

Significant variances in colour between batches are common.

Surface clean any liquids by dabbing with a damp cloth immediately after spillage to minimise soiling. Never rub.

Check the technical specification sheet to see if the cover can be removed from your product by visiting <https://sancal.com/technical>

If you remove the cover, attach a protective cloth to the fastening strips to avoid damaging the fabric.

### Importante

Información clave sobre el comportamiento de los diferentes materiales que empleamos y su conservación está disponible en: <https://sancal.com/care>

Muestras indicativas. Existen variaciones de color entre lotes.

Limpie los líquidos con un trapo húmedo inmediatamente después del derrame para minimizar daños. No frote el textil.

Compruebe la hoja de características técnicas para saber si su producto es desenfundable <https://sancal.com/tecnicos>

Si decide desenfundar su producto, coloque una tela protectora sobre las cintas de sujeción para evitar daños en la tapicería.
